- LinkedIn Certificate (Badge) in HTML
- LinkedIn Certificate (Badge) in CSS
- LinkedIn Certificate (Badge) in JavaScript

LANGUAJES

- Spanish: Native
- English Equivalent to B2*

  Listening and Reading C2 (EF SET certificate)

- Java Script ES6 official certification:

  JS Institute certification, JSE-40-01 Exam Version

WORK EXPERIENCE

Equanima

2024/2025 (Currently) | Full Stack Developer

- Full-Stack side
  - Continious development of React-Native mobile app (Front (React-Native + Expo) + Back (Node.js/Amplify) + DDBB (DynamoDB).
  - Web page development (Front (React) + Back (Node.js) + DDBB (DynamoDB)
  - Front-end components unit testing (Jest) and global state control (Redux-toolkit and useContext)
- Dev-Ops side
  - Maintenance of GitHub PRs, branches and state.

Optichrome

2024 | Full Stack Developer

- Full-Stack side.
  - Logistic platform and desktop app integration and development (React/Next + Java con SpringBoot / Python).
  - Support and Customization Scripts with Interface (Python)
  - App for Interpreting and Drawing Vector Files (DFF2, DXF, ...) (Python)
  - Development of SOAP & REST Web Services (Java, Node.js, and Python)
- Dev-Ops side
  - Assistance with Implementing and Configuring Remote Repository (Bitbucket)
  - Assistance with Implementing Scrum (Agile) Methodology in Various Projects, Configuring Jira, and Integrating It with Bitbucket.

Solera.Inc

2023/2024 | Full Stack Developer

- Full-Stack projects
  - Full Stack Pay Platform (Front (React) + Back (SpringBoot) + DDBB (SQL: MySQL)).
  - Desktop Application. Visual Database Editor.
  - Continuous development for different global car insurance companies.
- QA/Testing projects.
  - Manual web testing.
  - TDD development.
  - Frontend and Backend testing with Selenium and RestAssured).

Red.es / Adecco

2022 | Full Stack Developer
- Full-Stack projects.
  - Web clonning (HTML, CSS and JavaScript)
  - Interactive mini-games website (HTML, CSS, JavaScript/React)
  - Hospital and Vehicle sales managment System (Java, Springboot, SQL (MariaDB))
  - Geographic Complaint Management System (HTML, CSS, JavaScript, JSP)

INTA (Instituto Nacional de Técnica Aeroespacial)

2020 | IT Support for Unmanned Aerial Vehicles.
- Development of Autonomous and Manual Electromechanical Systems.
- Design, Testing, and Implementation of Software for Microcontrollers and High-Level Systems.
- Physical-Mathematical and Electronic Analysis of Systems.
- Implementation and Design of Analog and Digital Circuits.

ACADEMIC BACKGROUND

Red.es / Adecco

2022 | Intensive Web Development Course
- Front-End (HTML5, CSS3, JavaScript (ECS6), JavaWeb (JSP).
- Back-End (Java 8, Node.js, PHP)
- Data Bases (SQL: MySQL/MariaDB)

Universidad Nacional de Educación a Distancia. UNED

2021- Currently (Paused) | Bachelor's Degree in Physical Sciences
- High-Level Logical-Mathematical Analysis and Reasoning.
- Specific Physical-Mathematical Competencies.
- Advanced Self-Learning Ability.
- Programming in C (Primarily Mathematical and Physical Simulations).

I.E.S Barajas

2017 - 2019 | Senior Technician in Avionics

- Principles and Development of Analog and Digital Electronics.
- Microcontroller Programming and Development Boards.
- Generic and Aircraft-Specific Mechanics
- Troubleshooting of Both Mechanical and Digital Issues
- Programming in Assembly.

FULL-STACK SKILLS

- Javascript (ES6): Medium/Advanced.
- Typescript: Medium/Advanced.
- Java 8/11/17: Medium/Advanced
- MongoDB/DynamoDB: Medium.
- REST APIs: Medium/Advanced.
- Postman: Medium.
- Tailwind: Medium.
- React-Native: Medium/Advanced.
- Git: Medium/Advanced.
- GraphQL: Medium.
- React 18: Medium/Advanced.
- Express: Low.
- HTML5: Medium/Advanced
- CSS3: Medium
- C: Low
- Node: Medium
- SpringBoot: Medium.
- Python: Low/Medium.
- SQL: Medium
- Next.js: Low.

SOFT SKILLS

- Flexibility and Adaptability to Changes in Projects and/or Roles.
- Communication Skills and Assertiveness..
- Strong Analytical and Problem-Solving Skills.
- Teamworker and Problem-Solving
- Self-Learner.
- Ability to Work Under Pressure

ADDITIONAL INFORMATION

- Reading (science fiction, fantasy, popular science, essays, and papers on physics)
- Electronics, including both design and assembly (for personal projects or assisting others).
- Video Games and Board Games
- Self-Directed robotics and domotics projects
- Self-Directed Research and Development of Physical Problems
- Writing (varied).
